Art Unit: 1625

In view of the allowable claims 17-24, 26-35, 38,40-41, the examiner has inadvertently made errors for allowing claim 17 and 35. Therefore, in order to make the corrections for the claims, the examiner has decided to reopen the prosecution of the application in view of the new ground(s) of rejection.

The Status of Claims

Claims 17-24, and 26-41 are pending.

Claim 17-24, and 26-41 are rejected.

Claim 35 is objected.

Claim Objections

Claim 35 is objected to because of the following informalities: In claim 35, the phrase "Y is F or CF₃, (C₂F₄O), (CR₄R₅CF₂CF₂O)" is recited. The examiner recommends it to change to "Y is F, CF₃, C₂F₃O or (CR₄R₅CF₂CF₂O)". Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1625

Claims 17-24, and 26-41 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. See MPEP § 2173.05(c). Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as to where broad language is followed by "such as" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949).

In the present instance, claim 17 recites the broad recitation
" Y_0 is anionic or cationic salifiable function", and the claim also recites

Y_0 is a hydrophilic group having formula $-\text{CH}_2\text{O}-(\text{CH}_2-\text{CH}_2\text{O})_n-\text{CH}_3$ (Ib1) ;

Y_0 is selected from the following functional groups:

$$\begin{array}{c} \backslash \quad / \\ \text{O} \end{array}$$

,which is the narrower

statement of the range/limitation.

The examiner recommends to put the narrow limitation to the dependent claims. Therefore, an appropriate correction is required.

In claim 17, the phrase ““ Y₀ is anionic or cationic salifiable function” is recited. This expression is vague and infinite because the phrase “anionic or cationic salifiable function ” is just the functional language without any concrete chemical formula; therefore, the skilled artisan in the art is unable to figure out the metes and bounds of the particular limitations. Therefore, an appropriate correction is required.
